

## Of 445 Men Drawn, 5 Permanent Jurors Have Been Secured

Los Angeles, Cal., Nov. 18.—In the McNamara trial today, Judge Bordwell qualified the eighth panel of veniremen for interrogation by both sides.

To date 445 men have been drawn, from whom five permanent jurors and one tentative juror have been secured. There are fewer than 300 names left of the original jury list, and when it is exhausted the sheriff will have to draw the jurors from the regular county tax lists, with the supervision of the Superior court.

Unless the attorneys show greater willingness to aid the court in qualifying jurors, Judge Bordwell will order night sessions next week and he is determined that a jury shall be completed by December 1.

The court is now sitting from 8 a. m. until 5 p. m., with a brief luncheon recess. The lawyers complain they are compelled to work too hard, but the court refuses to accept excuses. He says when the jury is completed he may shorten the sessions, however.

Some men seem to think the devil ought to be thankful that women were created, since His Satanic Majesty can't be everywhere at once.

The average woman would wear a dress shaped like an orange and made of the peel, if the Paris modistes proclaimed it to be the fashion.

## WHY VICE FLOURISHES

### 30 Business Men Who Profit by Resorts.

Thirty West Side business men asked Mayor Harrison to stop his campaign against the Houses of Shame on the West Side.

They were grocers, and butchers and bakers. They were not saloon men.

They were the kind of business men who go to church and tag themselves "respectable."

Yet they asked Mayor Harrison please not to interfere with West Side vice.

Why?

Because they made money out of it.

Because the poor unfortunate women of the resorts bought goods from them.

The campaign was hurting their "business."

Now, do YOU, mothers of Chicago, understand why vice flourishes in the face of law and order?

Do you see why it has become a cancer on the face of the city that only the knife will remove?

Think of it!

Thirty "respectable" business men asking Mayor Harrison to stop the enforcement of the law against the betrayal of girls, the ruin of young men and the debauching of children!

And just because they might lose a few tainted dollars!

Uncle Sam has 2,500 tons of gold locked up in his treasury. Too bad it's locked up? Yes, but that's better than having it locked up in Wall street.
